

GIS Officer

Ecology and Heritage Partners is a professional ecological and cultural heritage consultancy providing high quality technical services in the field of ecological assessment, cultural heritage assessment, research and management. The business provides effective and innovative terrestrial flora and fauna advice and cultural heritage advice to a range of state and local government authorities/agencies, corporate and private clients, and selected non-government organisations. We have offices in Melbourne, Geelong, Brisbane and Adelaide.

We are seeking to appoint a motivated and enthusiastic individual who wishes to further develop their experience and skills as a GIS Officer, and to work closely with other GIS professionals in a full time capacity. The successful applicant will undertake GIS work and will provide support to our dedicated team of professionals. Based in Ascot Vale, your key priorities will be to:

Undertake GIS work; the primary task is map preparation supported by additional GIS activities including data manipulation and analysis, field template preparation, aerial photograph interpretation.

Contribute to the maintenance of the Company's GIS system.

Contribute to the on-going development of the Company's GIS capabilities.

Contribute to the development of GIS and other technology tools (e.g. mobile GIS/GPS, 3D) that add value to the services provided by the Company.

Save and store data in systematic way.

SELECTION CRITERIA:

- Relevant tertiary degree (e.g. GIS, Geospatial Science, Geomatics or Cartography) or other GIS specific qualification.
- Technical competence in the use of ESRI ArcGIS and Arc GIS online is essential.
- Knowledge of other GIS software and related technologies are an advantage, e.g. QGIS, 3D Modelling, scripting or LIDAR.
- Thorough understanding of spatial data and its management as well as a good understanding of cartography and good map design.
- High level of organisational skills
- Good time management skills, including the ability to work under pressure and to time lines
- Ability to work to high level of accuracy and quality expectations
- General computer skills with proficiency in specific technical applications

ADDITIONAL INFORMATION:

A background in natural resource management or consulting would be an advantage.

Applicants must be competent with MS Office products.

A competitive remuneration package will be offered to the successful applicant, based on qualifications, skills and experience.

Previous applicants for advertised positions at Ecology and Heritage Partners Pty Ltd are welcome to apply.
